Photo 1 – Looking East towards Castroville (note- floodplain restoration opportunity)

Photo 2 – Looking West towards the Coast (note- eastern floodplain restoration opportunity)

Photo 3 – Looking East towards Castroville (note- constricted channel)

Photo 4 – Western treatment wetland opportunity area

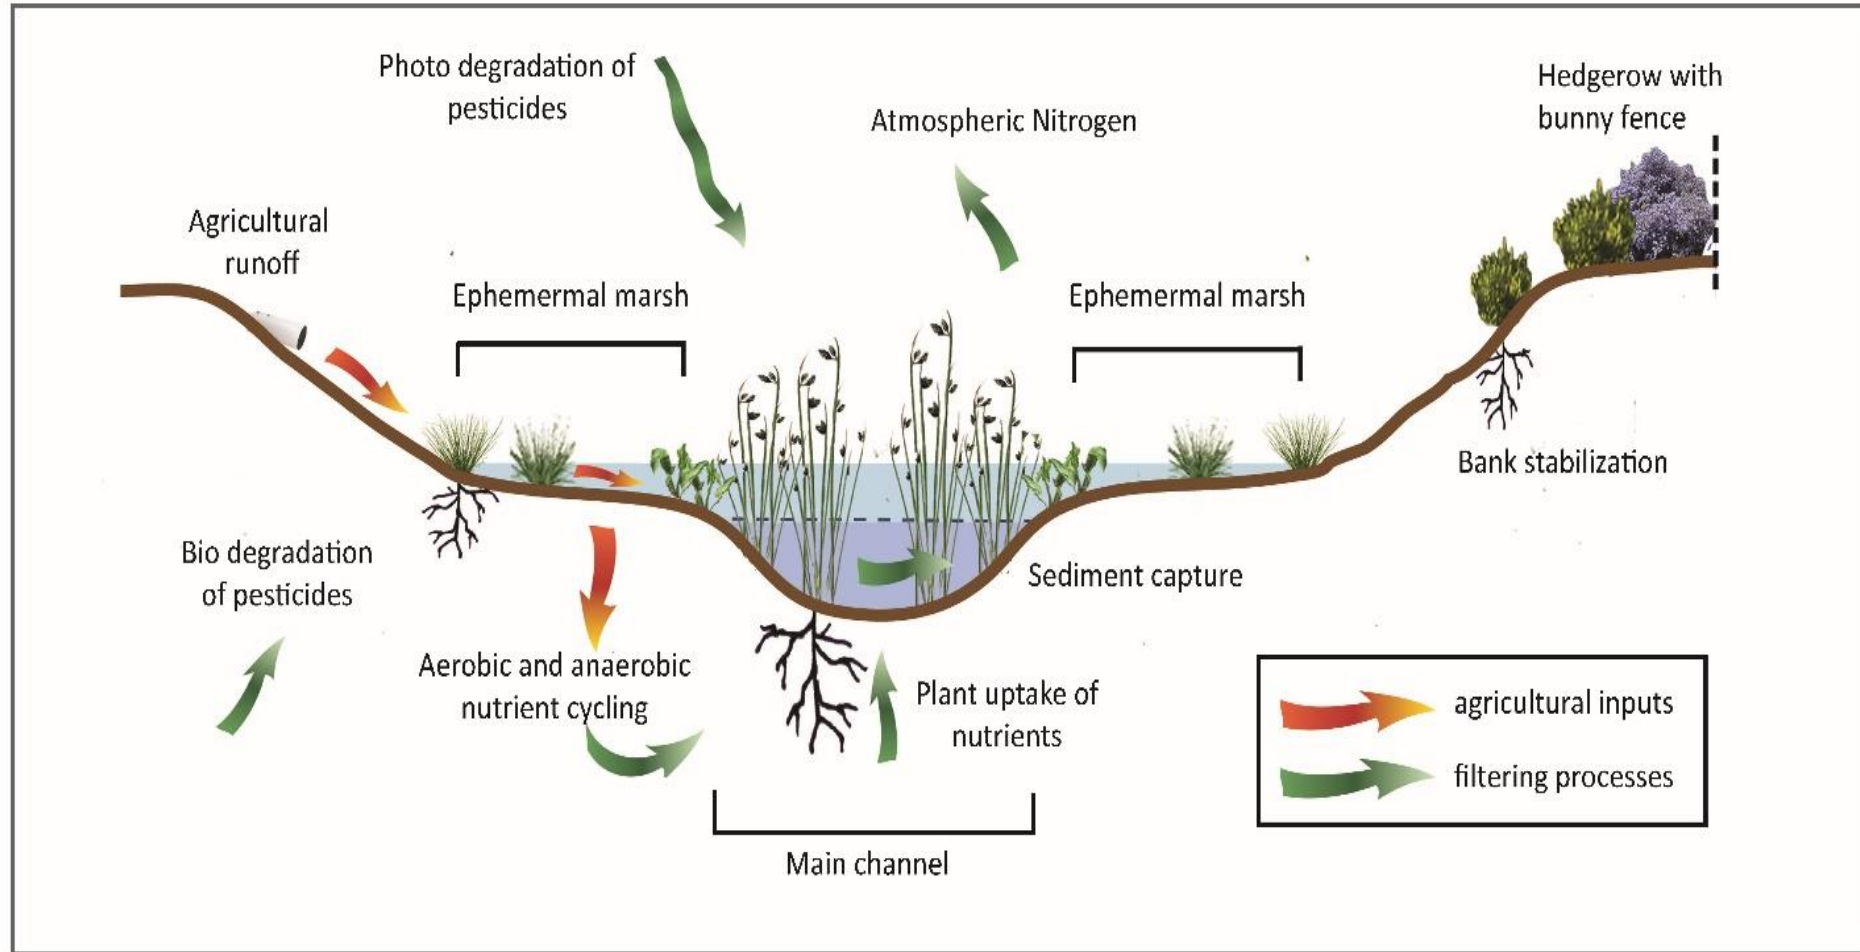

(note- pilot treatment on far side of channel)

Photo 5 – Habitat of Castroville Slough wetland restoration project

IN-CHANNEL TREATMENT WETLAND SYSTEM

The physical, chemical, and biological processes that occur in wetlands help filter out pollutants
